NPAA website new features up and running.

The **Calendar** link, accessed by way of the **MEMBERSHIP** drop down menu, highlights monthly upcoming events, dates, times and locations.

The **Bulletin Board** allows members to sign in to their account by way of the **Member Login** button at the bottom of any page and create a post to say that they won an award or are in an upcoming exhibition including date and time, dates of future seminars, or lectures or any arts related event that might offer fellow members a shared experience. You can also choose to upload images that add to your story. And you can add comments to support or remark on any post.

And finally we've created an **Exhibit/Show** tool for members to enter NPAA exhibitions and be editable by members only. This too would be located in each member's account via their password.
